

Making A Difference

Announcing:

A Service Project for our church

We will gather at the church on Saturday, March 15, at 9:30 a.m. to clean up along the sides of Waugh Chapel Road, from the church, east to the shopping center, and west to the light at Maytime Drive, or as close to that point as we can get. How far we get will be determined by how many volunteers we get.

This is not a project for children. We need adults and older teens, wearing bright clothing.

The preferred cleanup squad would be three people to each side of the road, with one person watching traffic and waving a warning flag, while two others pick up and bag the litter. Then we will come by with a truck to pick up the bags.

This will help beautify our road. It will also be a service to our community. For more information or to sign up, call or email me.

Pastor Robin
