

Our Outreach Goal: Fifty children, and their families, by 2008

Why is this important? Because people need the Lord. Even if they are rich, have perfect health, have wonderful families, good jobs, fulfilling activities, etc, without receiving Jesus as their Savior and Lord they will eventually die (of old age or worse) and go to hell for eternity.

How are we doing? We currently have 16 prospects from nine families. Where will the other 34 children come from? They will be your neighbors, family, friends, coworkers, siblings of school mates, and people who we don't know yet, who haven't moved in yet, or aren't in need yet.

Only God knows for sure where they will come from. The real question is, will you be ready to invite them? Are you looking around now to see if they are already within the sphere of your life? Maybe there is a new neighbor family you could invite over for desert and get to know.

Maybe there is a coworker who shares a love with you for the Orioles and you could attend a game together. Maybe there is trash in the gutters of your street and you get out there with a trashcan, broom and dustpan to clean the whole street. Possibly someone will stop and ask you why you are doing it. It happened to me.

What extra-ordinary measures are you willing to undertake to discover a new prospect? What are you willing to do to reach out with God's love? Every one of the 34 more prospects will be found through people like you and me. Are you willing? Are you ready? Are you praying? Are you doing? Pray with me for 34 more.
