

Proud Pastor

There have been times I have been especially proud of our church in the time I've been here. One occasion of pride was the time our church put together a dinner for the members and construction team at Providence Baptist Church.

I was proud that we let a home school group use the building in their interim phase between old and new buildings. We have also let another church do sports camps at our building the last several years.

Our church has committed a large sum of financial help to Lake Shore Baptist Church in the aftermath of hurricane Katrina.

I have been proud of our support of the Grace of God homeless ministry.

I look back with pride in our participation in the ***Exalt the Lord*** festivals, World Missions Conferences, **40 Days of Purpose**, and the Franklin Graham Festival.

I am proud of the fact that we don't let our differences keep us from moving forward as a church. Right now we are seeking to be more effective for God's kingdom. Though it is hard work, I am proud of your willingness to undertake it. I applaud your spirit of sharing and cooperation. The discussions have included strong emotions, but you have received them with Christ's love.

Praise God for what He is doing in us, for the Christian character He has developed in us, and for the lives that will be changed through us in the coming year.

- pastor Robin
